Where do I go in Mesa Vista Hall to see a tutor?

CAPS offers drop-in tutoring in the main foyer of Mesa Vista Hall near:
- African American Student Services (AASS)
- American Indian Student Services (AISS)
- El Centro de la Raza

• All locations are accessed by entering Mesa Vista Hall through the West courtyard, directly across from the SUB.

Can I get help in some other way?

Math, Science & Writing Drop-In Labs
Tutors are available in drop-in labs all over campus to assist students with questions related to course work. Appointments are not required. CAPS offers drop-in tutoring for math, statistics, chemistry, biology, and physics courses. These labs are held at Zimmerman Library (3rd floor), the SUB (behind Wise Pies), Mesa Vista Hall, and the Student Support & Services Center (SSSC) building.

Individual Tutoring
Tutors are available in many undergraduate courses, including selected science and math courses. Appointments are required and can be made one week in advance at CAPS in Zimmerman Library, by using the CAPS Virtual Front Desk (VFD) at http://caps.unm.edu/info/vfd or by phoning the CAPS scheduling line at 277-7205.

Online Services
The CAPS website http://caps.unm.edu offers a variety of online tutoring and academic resources. These include online tutorials, sample problems with solutions, study and writing guides, as well as options to submit questions and/or pieces of writing to a CAPS tutor. The CAPS website also links UNM students to Smarthinking, an online tutoring center. Smarthinking services include live online one-on-one tutoring for math, the sciences, Spanish and other academic subjects.

Learning Strategies Workshops and Tutoring
Selected CAPS tutors present effective learning strategies in topics including note-taking, test-taking, memorization, and time management. Learning strategies are offered as both workshops and individual tutoring appointments. Workshops are scheduled at various times throughout the semester and times and locations are on the CAPS website at http://caps.unm.edu. Individual tutoring appointments for learning strategies are made by visiting CAPS in Zimmerman Library, using the CAPS Virtual Front Desk (VFD) at http://caps.unm.edu/info/vfd, or by phoning the CAPS scheduling line at 277-7205.

Supplemental Instruction (SI)
SI is a series of informal weekly review sessions in which students review notes, discuss readings, develop organizational tools, and prepare for exams. Students learn how to integrate course content with reasoning and study skills. An SI leader is assigned to a particular section of a course, attends class, takes notes, and is prepared for questions related to material covered during class sessions. The SI Leader assists the students not only with “what” to learn but “how” to learn. SI is currently available in a variety of courses including biochemistry, biology, chemistry, economics, earth & planetary sciences, math, physics, and sociology courses.

For a full description of CAPS services, please see a CAPS Service Flier. For further information, please visit our website http://caps.unm.edu or call 277-7205.

CAPS thanks its partners at El Centro de la Raza, American Indian Student Services, African American Student Services for providing tutoring space in Mesa Vista Hall.
